

## advanced skincare

Formulated with the highest levels of active ingredients, each facial includes a personal Skin Instant® analysis and a tailored treatment program.

For immediate and long-lasting results, the Remodeling Face® system is an ideal addition to any facial treatment. This system uses advanced, high-performance technology, combining the power of four electronic currents to visibly tone and tighten skin.

**custom** | *individual restoration for all skin types* 1 | 1.5 hours

A highly personalized treatment to leave your skin glowing and beautiful like never before. Following a Skin Instant® analysis, a custom course of products are selected uniquely for you. This deeply restorative skin therapy is suited for all skin types, delivering immediate and positive results.

**men's tune-up** | *customized for individual needs* 1 | 1.5 hours

Focused on the health of your skin, this fully customized treatment is tailored to your individual characteristics. Using raw, active ingredients to purify, balance, and restore, this treatment increases vitality and clarity.

**second skin** | *anti-aging alternative to facial fillers* 1 hour

Bid needles farewell with this "notox" treatment designed to be an alternative to fillers and cosmetic procedures. Using revolutionary electrospinning technology, similar to 3D printing, an incredible fiber patch of 80% hyaluronic acid is applied to targeted areas to address fine lines and wrinkles, resulting in immediately visible results. This facial is an intense, regenerating treatment and dramatically plumps, firms, and hydrates your skin.

**the city peel** | *illuminating and firming* 1 hour

The ultimate skincare treatment to instantly brighten, smooth and tighten your skin for a radiant glow. This pioneering facial uses the revered P50V mask to dramatically reduce imperfections and fine lines, balancing skin tone and revealing a clearer, younger-looking complexion.

**age defy** | *for mature, pigmented, and devitalized skin* 2 hours

A complete treatment that exfoliates, lifts, firms, resculpts, and protects your skin from external aggressions. Combining two highly active boosters rich in microcrystalline algae, silk extracts, and natural amino acids with the use of the Remodeling Face® system reveal a firmer, brighter, and more youthful appearance.

**triple lift** | *lifting and toning for slackened skin* 2 hours

Restore contours and refine your face's natural shape with this complete skincare treatment. A highly effective combination of active ingredients, intensive sculpting massage, and the Remodeling Face® system provide visible, instant lifting and tightening of the skin.
