

natural skincare

Combining nutrient-rich plant complexes with holistic techniques, each facial is individualized to your skincare needs and goals, restoring a vital and healthy complexion.

elemental | *balancing treatment for all skin types* 1 hour

A bespoke treatment to harmonize all five elements and address underlying skin issues. This transformative facial combines healing botanicals, vitamins and marine extracts to feed your skin and restore equilibrium, creating a more vibrant and healthy complexion.

brightening | *visible brilliance for dull, pigmented skin* 1 hour

A 20% solution of vitamin C infused with kombucha, a fermented black tea known as the “Elixir of Life”, dramatically enhances skin tone and texture. In addition to reducing pigmentation, this facial makes your skin feel smoother and appear brighter and more radiant.

active hydro | *nourishment for dehydrated or mature skin* 1 hour

Reduced skin hydration is one of the major causes of premature aging. We use patented hydration technology, hyaluronic acid, olive squalane, collagen, and bio-oils rich in Omega-3, -6 and -9 to improve the absorption of nutrients into your skin. The result is plumped, firmed, and deeply hydrated skin.

peptide eye lift | *awakening for tired eyes* 30 minutes

This treatment combines smoothing and plumping plant peptides, proteins, and blue-green algae with targeted lymphatic drainage, acupressure, and a cooling eye mask to reduce the appearance of fine lines, puffiness, and dark circles.
